Earnings Update**

Forward Looking Statements and Non-GAAP Measures

In keeping with the SEC's "Safe Harbor" guidelines, certain statements made during this presentation could be considered forward-looking and subject to certain risks and uncertainties that could cause results to differ materially from those projected. When we use the words "will likely result," "may," "anticipate," "estimate," "should," "expect," "believe," "intend," or similar expressions, we intend to identify forward-looking statements. Such forward-looking statements include, but are not limited to, our business and investment strategy, our understanding of our competition, current market trends and opportunities, projected operating results, and projected capital expenditures.

These forward-looking statements are subject to known and unknown risks and uncertainties, which could cause actual results to differ materially from those anticipated including, without limitation: the Risk Factors discussed in our Annual Report on Form 10-K for the year ended December 31, 2023; rising interest rates and inflation; macroeconomic conditions, such as a prolonged period of weak economic growth and volatility in the capital and financial markets; uncertainty in the business sector and market volatility due to the recent failures of Silicon Valley Bank, New York Signature Bank and First Republic Bank; general and economic business conditions affecting the lodging and travel industry; our ability to repay, refinance or restructure our debt and the debt of certain of our subsidiaries; anticipated or expected purchases or sales of assets; our projected operating results; completion of any pending transactions; risks associated with our ability to effectuate our dividend policy, including factors such as operating results and the economic outlook influencing our board's decision whether to pay further dividends at levels previously disclosed or to use available cash to pay dividends; general volatility of the capital markets and the market price of our common stock; changes in our business or investment strategy; availability, terms and deployment of capital; availability of qualified personnel; changes in our industry and the market in which we operate, interest rates or the general economy, the degree and nature of our competition, legislative and regulatory changes, including changes to the Internal Revenue Code of 1986, as amended (the "Code"), and related rules, regulations and interpretations governing the taxation of REITs; and limitations imposed on our business and our ability to satisfy complex rules in order for us to qualify as a REIT for federal income tax purposes. These and other risk factors are more fully discussed in the company's filings with the Securities and Exchange Commission.

EBITDA is defined as net income (loss) before interest expense and amortization of loan costs, depreciation and amortization, income taxes, equity in (earnings) loss of unconsolidated entity and after the Company's portion of EBITDA of OpenKey. In addition, we excluded impairment on real estate, (gain) loss on insurance settlement and disposition of assets and Company's portion of EBITDA of OpenKey to calculate EBITDA for real estate, or EBITDA_{RE}, as defined by NAREIT. EBITDA yield is defined as trailing twelve month EBITDA divided by the purchase price or debt amount. A capitalization rate is determined by dividing the property's net operating income by the purchase price. Net operating income is the property's Hotel EBITDA minus a capital expense reserve of either 4% or 5% of gross revenues. Hotel EBITDA flow-through is the change in Hotel EBITDA divided by the change in total revenues. EBITDA, FFO, AFFO, CAD and other terms are non-GAAP measures, reconciliations of which have been provided in prior earnings releases and filings with the SEC or in the appendix to this presentation.

The calculation of implied equity value is derived from an estimated blended capitalization rate ("Cap Rate") for the entire portfolio using the capitalization rate method. The estimated Cap Rate is based on recent Cap Rates of publically traded peers involving a similar blend of asset types found in the portfolio, which is then applied to Net Operating Income ("NOI") of the company's assets to calculate a Total Enterprise Value ("TEV") of the company. From the TEV, we deduct debt and preferred equity and then add back working capital to derive an equity value. The capitalization rate method is one of several valuation methods for estimating asset value and implied equity value. Among the limitations of using the capitalization rate method for determining an implied equity value are that it does not take into account the potential change or variability in future cash flows, potential significant future capital expenditures, the intended hold period of the asset, or a change in the future risk profile of an asset.

This presentation is for informational purposes only and is not an offer to sell, or a solicitation of an offer to buy or sell, any securities of Braemar Hotels & Resorts Inc. or any of its respective affiliates, and may not be relied upon in connection with the purchase or sale of any such security.

Prior to investing in Braemar, potential investors should carefully review Braemar's periodic filings with the Securities and Exchange Commission, including, but not limited to, Braemar's most current Form 10-K, Form 10-Q and Form 8-K's, including the risk factors included therein.

All indebtedness is non-recourse with the exception of the convertible senior notes and the credit facility.

(1) SOFR rate was 5.33% at March 31, 2024.

(2) Base Rate, as defined in the secured credit facility agreement, is the greater of (i) the prime rate set by Bank of America, (ii) federal funds rate + 0.50%, (iii) Term SOFR + 1.00%, or (iv) 1.00%.

(3) This mortgage loan has five one-year extension options subject to satisfaction of certain conditions, of which the fourth was exercised in June 2023. This mortgage loan is secured by the Sofitel Chicago Magnificent Mile, The Clancy, Marriott Seattle Waterfront and The Notary Hotel.

(4) This mortgage loan has a SOFR floor of 1.50%. On April 9, 2024, we repaid the Cameo Beverly Hills mortgage loan.

(5) This mortgage loan has one one-year extension option subject to satisfaction of certain conditions.

(6) This mortgage loan has three one-year extension options subject to satisfaction of certain conditions, of which the first was exercised in February 2024.

(7) This mortgage loan has one one-year extension option, subject to satisfaction of certain conditions. This amended mortgage loan has a SOFR floor of 4.00%.

(8) This credit facility has one one-year extension option subject to satisfaction of certain conditions. This credit facility is secured by the Bardessono Hotel & Spa, Hotel Yountville and The Ritz-Carlton Sarasota.

(9) This mortgage loan has two one-year extension options subject to satisfaction of certain conditions. This mortgage loan has a SOFR floor of 1.00%.

(10) This mortgage loan has two one-year extension options subject to satisfaction of certain conditions. This mortgage loan has a SOFR floor of 2.00%.

(11) The weighted average interest rates are adjusted for in-the-money interest rate caps.

(12) The final maturity date assumes all available extension options will be exercised.

(13) See Exhibit 1 for reconciliation of net income (loss) to hotel EBITDA.

NOTES:

- The above comparable information assumes the 16 hotel properties owned and included in the Company's operations at December 31, 2023, were owned as of the beginning of each of the periods presented. Non-comparable adjustments include pre-acquisition results from hotel properties acquired during the period.
- All pre-acquisition information was obtained from the prior owner. The Company performed a limited review of the information as part of its analysis of the acquisition.
- Excluded hotels under renovation:

Capital Hilton Washington D.C., Ritz-Carlton Sarasota, Ritz-Carlton Lake Tahoe.

NOTES:

- The above comparable information assumes the 16 hotel properties owned and included in the Company's operations at December 31, 2022, were owned as of the beginning of each of the periods presented. Non-comparable adjustments include pre-acquisition results from hotel properties acquired during the period and adjustments to match the full results reported to us by our hotel managers for residences that we do not own but that are managed in connection with our hotel properties.
- All pre-acquisition information was obtained from the prior owner. The Company performed a limited review of the information as part of its analysis of the acquisition.
- Excluded hotels under renovation:

Marriott Seattle Waterfront; Park Hyatt Beaver Creek
